1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the various features in the portraits.

2. **COMPARE** a suspected bill with a genuine bill of the same denomination. Observe the following features:

**PORTRAIT** Counterfeit

**For Reference**

**Not to be taken**

**from this library**

**COLORED  
SEAL**

Counterfeit

*Genuine*—Saw-tooth points around rim are even and sharp.

**SERIAL  
NUMBERS**

*Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

*Genuine*—Figures firmly and evenly printed, well spaced.

**PAPER**

*Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

*Genuine*—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

## *75 years* OF SERVING AMERICAN BUSINESS

THE year 1945 is the seventy-fifth Anniversary for R. L. Polk & Co. Three-quarters of a century of Service to cities and industries of America.

WE HAVE grown a lot in seventy-five years, and we plan to keep on growing. We feel younger than ever. Our real future still is ahead of us . . . because the real future of our Country lies ahead.

IN 1870 Ralph L. Polk, the Founder of this Company, laid down a fundamental policy of Good Service . . . Honest Service. That policy still is *basic* with us. Our growth in experience, in skill, in size, came about only because we built on that solid old foundation of Service.

SO, ON OUR seventy-fifth Anniversary, we thank you for doing business with us . . . for guiding us along the way. We want any and all of our Services to be even more valuable to you in the years to come . . . and we pledge our best efforts to that end.

# INTRODUCTION

---

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1945 edition of the Waltham City Directory.

Confidence in the growth of Waltham's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Waltham to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Waltham Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Five Major Departments

The five major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 8 to 30, on white paper, presents lists of city, county, state and federal officials; post office, public school and fraternal organization Directories; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 33 to 528, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Waltham, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE beginning opposite page 528 and separately paged from 1 to 64, on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Waltham. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Waltham, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 529 to 600, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 601 to 732. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A feature of this section is the designation of tenant-owned homes.

# *Information*

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it.

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

## LIBRARY DEPARTMENT

### Waltham Public Library

735 Main st

Librarian—Leslie T Little.

Assistants—Raymah H Smith, Nora C Rooney, Helen M Nims, Mrs Mabel I Biscounte, Eliz D Castner, Geraldine M Murray, Marion Hughes, Helen L Hosmer, Jane Pride, Agnes McManama, Mildred P Simpson, Grace V Upham

The Waltham Public Library is the union of three libraries. (1) The Waltham Social Library, founded in 1798, and the earliest Waltham library, was given to the Unitarian Society, and later, in 1865, was presented to the town. (2) The early Boston Manufacturing Company's Manufacturers' Library was given to the Rumford Institute Library, which, in turn, offered all of its books to the town in 1865. (3) The Agricultural Library of the Waltham Farmers' Club was presented to the town in 1874. The Public Library was first housed (1865) in the Bank Building on Main street. In 1879 it was moved to the corner of Charles and Moody streets (Welch Block). In December, 1915, the Library was moved to the present building, which is the gift of a Waltham citizen, Francis Buttrick. The cost of the building was \$124,000.

There are five Branch Libraries, the South Branch, established in 1919, located at 56 Chestnut, the Lakeview Branch, established in 1925, in the Nahum Hardy School, the Trapelo Branch, established in 1932, in the Phineas Lawrence School and the Grove Hill Branch, established in 1937, in the Bright School, and the West End Branch, established in 1944 in the Nathaniel P. Banks School.

There are about 130,206 volumes in the Library. About 227 newspapers and periodicals are received. There is also an excellent collection of pictures on every subject, arranged in Classified form, which may be taken from the building. The Library undertakes to help all by supplying information and in looking up difficult reference questions when requested.

The circulation in 1944 was 301,295, an average of 7.5 books per capita. The City appropriates about \$47,877 a year for the support of the Library and its Branches. There are in addition eight endowment funds. The Lowell Clark Fund of \$5,000; The Enos T Luce Fund of \$1,000; The Jacob Whitney Fund of \$1,000; The Porter L Newton Education Fund of \$5,000; The Phineas Lawrence Fund of \$2,500; The Lorenza Haynes Fund of \$1,000 and The Pryor Fulton Fund of \$5,000; The Mary J McEvoy Fund of \$1,000 and The Mary Pratt Sears Memorial Fund of \$21,343; the income alone of which is used.

**CASHIERS! TELLERS! CLERKS!***Do your employers furnish you with the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

### Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street And Avenue Guide 1945

Copyright, 1945, by R. L. Polk & Co.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them.

The Streets are arranged in Alphabetical order with the location of Intersecting Streets clearly shown.

The Boston Postal District in which Waltham is included has been divided into numbered zones. Mail addressed to Waltham will carry No. 54 as part of the address.

Names of residents and business houses are arranged in numerical order upon their respective streets; on streets that are not numbered ciphers are used in place of a street number.

Business places are denoted by bold face numbers and business being given.

When a person's place of business and residence are the same place, it is indicated by business being given and abbreviation h at the end of the line.

After the name of a street the word **Street** is omitted; the words **Newton**, **Lincoln** and **Lexington**, when referring to city or towns of those names are followed by the word **Line**; when not followed by the word **Line** they are names of streets.

\*An asterisk preceding a house number signifies that the house is incorrectly numbered.

Streets which have not been accepted by the city are indicated by an asterisk.

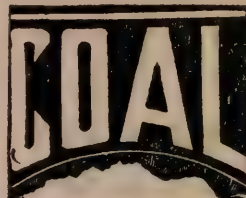

Streets, a part of which have been accepted and a part remains unaccepted, are indicated by two asterisks.

The symbol © following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

The Δ preceding names denotes householders and places of business having telephones.

Abbreviations are listed at beginning of Alphabetical Section.

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
